The Evolving Self: A Process Conception for Ego Psychology ...

self-deception before considering the levels of conscious-ness at which the self can be deceived. Finally, we contrast our evolutionary approach to self-deception with current theories and debates in psychology. 1. Deception and self-deception There are many ways to deceive other people. An obvious

The evolution and psychology of self-deception - ACME Lab

The Evolving Self. The object (O) of each balance is the subject (S) of the preceding balance. The process of emergence of each evolutionary balance is described in detail in the text of the book; as Kegan says, his primary interest is the ontogeny of these balances, not just their taxonomy.
