

The Handbook Of Science And

The Handbook of Science and Technology Studies provides a comprehensive and authoritative overview of the field, reviewing current research and major theoretical and methodological approaches in a way that is accessible to both new and established scholars from a range of disciplines. This new edition, sponsored by the Society for Social Studies of Science, is the fourth in a series of volumes that have defined the field of STS.

The Handbook of Science and Technology Studies (The MIT ...

"The long-awaited Handbook of Science and Technology Studies sponsored by the Society for Social Studies of Science is a truly substantial work, both in size and in the breadth of its many contributions. It is a rich and valuable guide to much that is transpiring in the field of Science and Technology Studies.

Handbook of Science and Technology Studies | SAGE ...

This massive, impeccably crafted edited volume represents the very best thinking in science-and-religion so far, with two exceptions (which I shall come to in a moment). The original essays featured show that science-and-religion is a field of inquiry which has truly come of age and is of immense relevance to broader academic discussions.
